CSWIP is administered by TWI Certification Ltd

The use of the UKAS Accreditation Mark indicates accreditation in respect of those activities covered by Accreditation Certificate No 25

FOREWORD

The Registration Scheme is open to all those who currently hold CSWIP Underwater Inspector (Diver), Grade 3.1U, Underwater Inspector (Diver) Grade 3.2U, Visual Welding Inspector, Welding Inspector, or Welding Technical Representatives. Certificates and who have held responsibilities commensurate with their CSWIP qualification for the prescribed number of years.

Certificate holders are encouraged to register as it provides an inexpensive way of gaining access to a number of exclusive services and benefits which will help them in their day to day work in structuring their continuing professional development (CPD) and in developing their careers. Registration is a mark of current competence; it will therefore be of benefit when CSWIP certificates are presented for renewal.

Registration does not replace the CSWIP certificate and registrants will need to continue to ensure that they maintain the validity of their certificate.

1 BENEFITS OF REGISTRATION

Credibility

The Registration Scheme provides a clear statement of capability in the registrant's area of activity based on an independent assessment of their current responsibilities. It brings status, credibility and mobility. .

Registrants receive a free personalised desk top rubber stamp and a pocket rubber stamp indicating their qualifications. These provide a convenient way of confirming the Registrant's status when signing documents, reports, etc.

Registrants are reminded of when their CSWIP qualification is due for renewal and they also get a discount on the fee.

Membership

All registrants listed in this document who are not already Professional Members of The Welding Institute (TWI) are automatically elected as an Associate Member (AWeldI) of The Welding Institute without further application. This provides a convenient mechanism for registrants to involve themselves in the welding community. The services from TWI Professional:

- information and library services
- discounts on training courses, seminars and publications
- local branch programmes: technical meetings, works visits and social events
- national technical groups providing a forum for discussion on specific subjects
- free issues of two journals: Connect published by TWI and the technical journal of the Professional Division.

- A dedicated website for members – www.twiprofessional.com/

Reading journals and attending meetings/courses facilitates fulfilment of the CPD requirements for renewing registration, see Section 3, and CSWIP certification.

Registrants are bound by the Institute's Rules of Professional Conduct, see Appendix 1, which conform to the general principles extant in the engineering profession.

Career Development Record

A specially designed CSWIP Log Book is provided free of charge to registrants (with the exception of Underwater Inspectors, who must use their IMCA log book). This contains sections on training, qualifications and work activity and completing the record regularly will greatly ease the process of renewal of CSWIP certification. It is also a clear and professional record of your achievements to assist future career promotion prospects. Completion of the log book is a mandatory for CSWIP renewals.

Titles

Registrants are awarded the title Registered Master Welding Instructor (Group 1 or Group 2), Registered Underwater Inspector Grade 3.1U, Registered Underwater Inspector Grade 3.2U, Registered Visual Welding Inspector, Registered Welding Inspector or Registered Welding Technical Representative, as appropriate to their grade of CSWIP certification. A certificate and registration card is issued to all registrants to confirm their title.

2 REQUIREMENTS OF REGISTRATION

Underwater Inspector Grades 3.1U and 3.2U

Applicants must have a CSWIP Underwater inspector Grade 3.1U or 3.2U certificate and they must have had one year of experience and current responsibilities covering the areas of work covered by the CSWIP certificate as described in Doc: CSWIP-DIV-7-95, Part 1, Section 1.4

Visual Welding Inspectors

Applicants must have a CSWIP 3.0 Visual Welding Inspector's certificate and they must have had one year of experience and current responsibilities covering the areas of work given in Doc: CSWIP-WI-6-92. These include:

Confirming identity of materials and consumables; verification of pre-weld and post-weld requirements by visual inspection of work pieces; verification of in-process welding requirements including pre-heat, interpass and post-heat.

Welding Inspectors

Applicants must have a CSWIP 3.1 Welding Inspector's certificate and they must have had three years of experience and current responsibilities covering the areas of work given in Doc: CSWIP-WI-6-92. These include:

Authentication of materials; authentication of welder and welding procedure approvals; witnessing welder and welding procedure approval tests and authentication of results; checking materials, equipment, weld preparation and fit-up prior to production; checking during welding; visual inspection after welding.

Welding Technical Representatives

Applicants must have a CSWIP Welding Technical Representative certificate and must have had two years of experience and current responsibilities covering the areas of work given in Doc CSWIP-WTR-1-90. These include:

Choice of process, selection of equipment, weldability of materials and selection of appropriate consumables, trouble shooting when problems arise from the application of equipment or consumables supplied and safe working practices.

Refusal of registration does not affect the validity of any CSWIP certificate you hold.

3 MAINTAINING REGISTRATION

Registration is valid for three years, but in order to remain current the annual WJS fee must be paid. At the renewal point, certificate holders must provide evidence of continuity of employment and Continuing Professional Development (CPD) for which a form is provided.

Registrants are strongly encouraged to maintain a log of their CPD activities in accordance with TWI and Engineering Council recommendations.

4 FEES

These are divided into three categories:

Application and Registration fee
Annual Professional Membership Fee (Professional Membership must be maintained to keep registration valid)
Three year renewal form

Current fee scales are available on request.

5 COMPLAINTS AND APPEALS

Appeals against an unsuccessful application or against non-renewal of Registration may be made by the individual upon application in writing to the Certification Management Board.
