Add:

#### 3.1.4 A-Scan Endorsement

Candidates attempting a 3.2U supplementary examination, 3.2U five year renewal examination or who already hold 3.2U certification are eligible to attempt an A-Scan endorsement examination.

The A-Scan endorsement will be part of the 3.2U certification and will be only valid up until the expiry date of the certificate.

Candidates will be required to satisfy the examiners in all parts of the examinations.

The examination will consist of a 20 multi-choice question paper, time allowed 30 minutes and a practical examination, time allowed 40 minutes consisting of:

- Calibration of the instrument
- Determine area of lamination in plate material containing artificial defects

It is strongly recommended that current 3.2U certificate holders attend a one day refresher training course prior to the examination.

Please note there is no retest for this examination.
